

❖ IMAGE**❖ OVERVIEW**

- Lighting & signaling system product made by DTDAuto Vietnam.
- This equipment is designed especially for vocational schools where trainees are taught both theory & practice of Lighting & signaling system; provides all basic elements in technique training: Listening, Watching, Acting and tests automatically with a computer.

❖ PACKAGE

- The system is visually based on real parts of Lighting & signaling system in Toyota vehicles (from 1996 to 2003)

- Board circuit diagrams

- CDROM of specialized software version 2.0

- 01 Computer (optional, excluded in quotation)

- Documents

- 01 12V/50A battery, data cables and other accessories

❖ BOARD COMPONENTS

- 01 Table with a principle board (Made in Vietnam)

- 01 Power block: relays, fuses (Made in Japan)

- 01 Ignition key (Made in Japan)

- 01 Headlight (Made in Japan)

- 01 Side position light (Made in Japan)

- 01 R/L signal light (Made in Japan)

- 01 Fog light (Made in Japan)

- 01 Reversing light (Made in Japan)

- 01 License light (Made in Japan)

- 01 Brake light (Made in Japan)

- 01 Main light switch (Made in Japan)

- 01 Horn (Made in Japan)

- 01 CDROM of installation software for computer (Made in Vietnam)

- Other accessories

- The system is visually based on real parts of Lighting & signaling system in Toyota vehicles since 1996.

- Connected to specialized software to control, simulate, diagnose, give (to trainees) suggestions of repairing wirings and display the progress; automatic estimate and test trainees.

- This equipment is designed with the German standard of training equipment.

❖ TECHNICAL FEATURES

- Connected to a computer to give suggestions, display faults, diagnose faults and estimate results.

- Work well on projectors and in Multimedia classes.

- Manipulate directly with real parts on the system.

- Study wirings directly on the system.

- A computer checks trainees' wirings, informs and gives repair suggestion.

- A system of sample exercises & tests

- 12 month warranty

❖ Other specifications

- Voltage: 12VDC/50A

- Total weight: about 70 kg

- Dimensions: (1600H x 550D x 1800W) mm

- Using area: about 1m³

- This kind of product is indoor equipment
